

Recycle your old cell phones and reduce waste in landfills!!

Done with your old mobile phone?

How about donating it to the ARIA Foundation for recycling!

You'll raise funds for a worthy cause & keep your phone out of a landfill.

The ARIA Foundation and Collective Good have teamed together to offer cell phone recycling at The Beastie Boys concerts. The phones will be recycled through our program with **CollectiveGood**, the nation's premier mobile phone recycler. You can help make a difference by donating your retired phones either in person at Beastie Boys concerts (except Aug 4th Virgin Festival) or you can mail in your phone using the pre-paid postage label below. All net proceeds from cell phone recycling will be used to help build new Native American wind farms that will offset a portion of the CO2 from your drives to/from the concert or post office, etc. Proceeds will be donated to the nonprofit organization Clean Air - Cool Planet who will purchase and retire offsets from NativeEnergy. For more information, visit www.greenhighway.net/beastieboys or one of the information tables at the Beastie Boys US concerts!

Clip label, tape to a box, pack your phones, and send it in.
